One Year Plan
Read or Listen to the Bible in
Chronological, Historical Order
 schedule by Yvon Prehn
www.Bible805.com

This reading schedule is different than the order of books in most Bibles.

First, you will notice Psalms and Proverbs are scheduled along with the daily readings instead of as whole books in the middle of the Bible.

I thought the daily praise or practical advice in these books would go well with the historical readings. Neither Psalms nor Proverbs were one continuous book when they were first written, but collections of similar materials written by numerous authors in some cases hundreds of years apart, so reading the chapters from them at scattered times does not break any chronology.

The order of the primary, chronological readings is mostly as close as possible to either when the events took place or when the audience first heard them (as it is with Chronicles, though it covers earlier events it was probably the last book written in the Old Testament).

If you'd like a more detailed explanation of why I placed the various readings where I did, go to www.bible805.com. There you will also find links to podcasts, videos, shareable courses, handouts, and other resources that go with the readings, as well as lessons that go along with reading through the Bible.

All Scriptures is inspired by God
and is useful to teach us what is
true and to make us realize what
is wrong in our lives.

It corrects us when we are
wrong and teaches us to do
what is right.

God uses it to prepare and equip
his people to do every good
work.

2 Timothy 3:16-17, NLT

The primary purpose of
reading the Bible is not to
know the Bible,
but to know God.

One Year Plan

Read or Listen to the Bible in Chronological, Historical Order

schedule by Yvon Prehn,
www.Bible805.com

This reading schedule is different than the order of books in most Bibles.

First, you will notice Psalms and Proverbs are scheduled along with the daily readings instead of as whole books in the middle of the Bible.

I thought the daily praise or practical advice in these books would go well with the historical readings. Neither Psalms nor Proverbs were one continuous book when they were first written, but collections of similar materials written by numerous authors in some cases hundreds of years apart, so reading the chapters from them at scattered times does not break any chronology.

The order of the primary, chronological readings is mostly as close as possible to either when the events took place or when the audience first heard them (as it is with Chronicles, though it covers earlier events it was probably the last book written in the Old Testament).

If you'd like a more detailed explanation of why I placed the various readings where I did, go to www.bible805.com. There you will also find links to podcasts, videos, shareable courses, handouts, and other resources that go with the readings, as well as lessons that go along with reading through the Bible.

schedule from Yvon Prehn, www.Bible805.com

All Scriptures is inspired by God
and is useful to teach us what is
true and to make us realize what
is wrong in our lives.

It corrects us when we are
wrong and teaches us to do
what is right.
God uses it to prepare and equip
his people to do every good
work.

2 Timothy 3:16-17,NLT

The primary purpose of
reading the Bible is not to
know the Bible,
but to know God.

For all those words which were
 written long ago are meant to
 teach us today;
 that when we read in the
 scriptures of the endurance of
 men and of the help that God gave
 them in those days,
 we may be encouraged to go on
 hoping in our own time.

One Year Plan **Read or Listen to the Bible in** **Chronological, Historical Order** schedule by Yvon Prehn, www.bible805.com

This reading schedule is different than the order of books in most Bibles.

First, you will notice Psalms and Proverbs are scheduled along with the daily readings instead of as whole books in the middle of the Bible.

I thought the daily praise or practical advice in these books would go well with the historical readings. Neither Psalms nor Proverbs were one continuous book when they were first written, but collections of similar materials written by numerous authors in some cases hundreds of years apart, so reading the chapters from them at scattered times does not break any chronology.

The order of the primary, chronological readings is mostly as close as possible to either when the events took place or when the audience first heard them (as it is with Chronicles, though it covers earlier events it was probably the last book written in the Old Testament).

If you'd like a more detailed explanation of why I placed the various readings where I did, go to www.bible805.com. There you will also find links to podcasts, videos, shareable courses, handouts, and other resources that go with the readings, as well as lessons that go along with reading through the Bible.

All Scriptures is inspired by God
and is useful to teach us what is
true and to make us realize what
is wrong in our lives.

It corrects us when we are
wrong and teaches us to do
what is right.
God uses it to prepare and equip
his people to do every good
work.

2 Timothy 3:16-17,NLT

The primary purpose of
reading the Bible is not to
know the Bible,
but to know God.

For all those words which were
written long ago are meant to
teach us today;
that when we read in the
scriptures of the endurance of
men and of the help that God gave
them in those days,
we may be encouraged to go on
hoping in our own time.
